

Coaxial cable Jobcoax 12

Application : For use in CAI-network. Coax 12 is a drop cable and Coax 6 and 3 are trunk cables.

TECHNICAL DATA : 0148600

Standards : NEN-EN 50117.

Characteristic impedance	: 75 Ohm
Outer diameter approx.	: 6.8 mm
Diameter inner conductor	: 0.7 mm
Inner conductor material	: Copper, bare
Inner conductor category	: Class 1 = solid
Diameter outer conductor	: 4.8 mm
Outer conductor material	: Copper, bare
Type of outer conductor	: Braiding
Dielectric	: High Density Polyethylene (HDPE)
Armouring	: No
Material outer sheath	: Polyethylene (PE)
Colour outer sheath	: Green
Halogen free (acc. EN 60754-1/2)	: Yes
Flame retardant	: No
Underground installation	: No
