

## Coaxial cable Jobcoax 3

**Application** : For use in CAI-network. Coax 12 is a drop cable and Coax 6 and 3 are trunk cables.

**TECHNICAL DATA** : TYPE 3

Standards : NEN-EN 50117.

Characteristic impedance : 75 Ohm  
 Diameter inner conductor : 3.3 mm  
 Inner conductor material : Copper, bare  
 Inner conductor category : Class 1 = solid  
 Outer conductor material : Copper, bare  
 Type of outer conductor : Lap-screen  
 Dielectric : PE/air  
 Material outer sheath : Polyethylene (PE)  
 Colour outer sheath : Green  
 Halogen free (acc. EN 60754-1/2) : Yes  
 Flame retardant : No

ProductNr	Outer diameter approx. (mm)	Diameter outer conductor (mm)	Armouring	Underground installation
0148650	18	14	No	No
0148660	22.9	24	Yes	Yes
