

Coaxial cable Jobcoax 6

Application : For use in CAI-network. Coax 12 is a drop cable and Coax 6 and 3 are trunk cables.

TECHNICAL DATA : 0148640

Standards : NEN-EN 50117.

Characteristic impedance : 75 Ohm
 Outer diameter approx. : 16 mm
 Diameter inner conductor : 1.6 mm
 Inner conductor material : Copper, bare
 Inner conductor category : Class 1 = solid
 Diameter outer conductor : 15.7 mm
 Outer conductor material : Copper, bare
 Type of outer conductor : Lap-screen
 Dielectric : PE/air
 Armouring : Yes
 Material outer sheath : Polyethylene (PE)
 Colour outer sheath : Green
 Halogen free (acc. EN 60754-1/2) : Yes
 Flame retardant : No
 Underground installation : Yes
